

1 Weave

Alexandra Robinson
894 Brown Creek Road
Inangahua

Loom weaving is a form of creative expression. I enjoy playing around with different natural fibres (wool, alpaca, cotton, linen) and turning them into a variety of woven pieces (clothing, wraps, rugs, wall hangings). I find it fun and satisfying. I have woven for many years and if you are interested, want to learn more, please contact me. alexrobinsoninangahua@gmail.com

Born and raised in Staffordshire, England. My maternal grandfather would peg rugs during the winter months.
